## A DECLARATION OF INDEPENDENCE

When in the course of human events it becomes necessary for the people of Cochise County to assert their natural rights and to protest against a movement created by abnormal desire and greed on the part of certain people in Douglas, then it becomes the bounden duty of all good citizens to save the blind from themselves. We hold these truths to be self-evident: That all good things are created for a purpose. That they endow those who consume them in their natural charm with certain innocent sentiments, among which are good will, warmth and a species of cheerfulness, and that when a man, who is ordinarily conservative, discovers that a certain movement has made some of his fellow citizens try to deprive him of the pleasure of driving to Tombstone over fine roads breathing its pure ozone and drinking its pure water, then it is his right and duty to give the county seat removal petitions the cold shoulder, and to espouse in its place strong opposition that will keep the county seat at Tombstone and lead to a bond issue that will give good roads to all the people, all the time in "Dear Old Cochise," and permit Douglas to keep her sulphur fumes in the lungs of her own and not force them into the system of the rest of us.

A TAXPAYER.

## THE MILLION DOLLAR FOLLY

Charlie Overlock, former Republican United States Marshal, is not so very proud of his fellow Douglas fellow citizens, according to Charlie's own confession to a Tombstonite made in Douglas last week. It seems as a member of the "secret committee," the same one that went to Bisbee just recently, he went down to see why the Bisbees were not signing petitions for removal, but that is a "snipe story" which will be told about later. But to get back to Charlie and his county seat site which Douglas is to offer. You see, dear reader, or more appropriately, dear tax payer, with the accent on the DEAR, the Douglas people have been expecting that a certain block would be given them free to offer to the Board of Supervisors for this county seat location, but that free offer went glimmering, so Charlie puts on his "pussyfoot" regalia and goes out to get prices on lots covering a block to put that elusive court house on. Now Charlie is a very energetic man but the energy of Charlie is about gone for in his own words, yes, his very own words. He said, "These damn Douglas fellows want the earth for their corner lots to put the court house on. They want twenty-five thousand dollars for them and it's no wonder the Tombstone fellows think we are a lot of grafters."

Now take pencil and figure for yourself. Four corner lots will be one hundred thousand dollars; four next to corner lots at twenty thousand is eighty thousand; and then drop down to ten thousand for each of the remaining lots in the block and that will be two hundred and twenty thousand dollars; grand total for site of four hundred thousand dollars. Now, taking George Kelly's own figures of two hundred and fifty thousand dollars for building, which is modest, and the twenty year five year bonds at 5 per cent interest, which makes another two hundred and fifty thousand dollars, to say nothing of furnishings and other trimmings that go with it, and you have a grand total of NINE HUNDRED THOUSAND DOLLARS according to Douglas' own estimates. And dear tax payer, you knew the estimator never overshoots, he always undershoots the mark. Now it seems, that any way you take it, the tax payer is in for a "trimming," if Douglas has her way, and we only wonder if the tax payer is going to stand for it?

## AND NOW COMETH THE RUPTURE

"Those whom the Gods would destroy they first make mad," and we presume that somebody, "somewhere in Douglas," is angry, for a leading citizen of Bisbee who was down in Douglas this week was asked by a Douglas man, "When are you fellows in Bisbee going to circulate those petitions for county seat removal?" whereupon the Bisbee man replied, "Never so far as I am concerned," and the Douglas man in much heat and anger said, "Well, we knew you Bisbee fellows had a streak of yellow—we will send a man up next week to circulate them ourselves," and the Bisbee man replied, "That's what you will have to do if you ever expect to have them circulated." And so, in all candor, The Prospector cannot help thinking that the Douglas International is much mistaken when it says "There is a widespread demand for county seat removal," and in making that statement it misrepresents the great majority of our leading citizens and taxpayers throughout the county, even many residing in Douglas.

They advertised a mass meeting in Douglas on coun-

ty seat removal for last Wednesday night. Does this look like there was a general meeting demand when Douglas is the only place in Cochise county that meetings have been held in the interest of county seat removal? Where as in Bowie, San Simon, Benson, Wilcox and Cochise meetings have been held regarding county division and in all those meetings they took action in resolution form or the people attending expressed themselves absolutely against county seat removal. And so, dear tax payer, you see how appropriate the opening sentence of this article is. Now, all together: "Those whom the Gods would destroy they first make mad."

## UTTERLY OPPOSED

Writes Michael Ohl, dealer in general merchandise, Dos Cabezas: "I am utterly opposed to the removal of the county seat from Tombstone, and also opposed to county division."

And this is only one of the many who have expressed themselves in a like manner. We tell you the taxpayers know what county seat removal means and when the question comes to issue the Douglas bunch will know it too.
